

Trustees needed

We are currently seeking skilled volunteers to join our Board

Home-Start South East Dorset has an exciting opportunity for motivated, committed and driven people to join our Board of Trustees and be part of leading development and change. We have been supporting families across South East Dorset for 24 years and in the last year have undergone many exciting changes including growth of the team and new projects.

We are looking for people who will contribute actively by considering strategic direction and playing a crucial role in building a strong and stable financial future for the charity. We want to make sure that our Board has a broad mix of skills and experience. If you have a background in marketing, health & safety, risk management, property, HR, finance, fundraising, safeguarding, managing change, education, social care or clinical or therapeutic approaches we would be very interested to hear from you. The role is voluntary, and trustees are expected to:

- Attend quarterly Board meetings lasting 2 hours and our AGM
- Be willing sit on quarterly sub-committee meetings
- Attend and support events on an ad hoc basis

All our trustees bring much needed skills with backgrounds in teaching, social work, finance, marketing and management. Some are retired but all have been parents and understand the pressure felt by young families in our community and recognize the importance of good parenting especially in the first few years of a child's life. Experience in the charity sector, as an employee, volunteer, beneficiary or trustee, would also be helpful but not essential.
